

2016 Senior European Taekwondo Championships Team Selection Process

This document sets out the process for identifying those athletes that will be invited to represent the Senior Norwegian National Team in the 2016 Senior European Taekwondo Championships, 19th- 22nd May, Montreux, Switzerland.

The aim of this process is to select a Norwegian team capable of performing at the highest level in the 2016 Senior European Taekwondo Championships.

Please note that criteria may change in accordance with alterations to competition status. If this occurs NKF will update all information as soon as possible via kampsport.no

Section A

Eligibility Requirements

1. Athletes must be Norwegian Citizens and hold a valid Norwegian passport.
2. The athlete must currently be eligible to represent Norway at all major International Competitions.
3. Athletes must be Kukkiwon Poom / Dan holders.
4. Athletes must adhere to the 'Selection Competition' requirements (See Section B).
5. A physical exam may be requested by a licensed Medical Doctor, which certifies the athlete is fit to train and compete.
6. Any athletes who are selected from outside of the present full-time team must commit to a training period of one month with the full-time team directly prior to the European Championships.
7. Athletes must have a valid Global Athlete License (GAL) Card.

Section B

Outline of selection competitions

1. For applicants within the NKF National team structure respective development, performance and result profiles from criteria competitions will be considered towards selection.
2. For applicants standing outside the NKF National team structure, selection will be based solely on result profiles from criteria competitions.

Classification		
Primary	Secondary	Tertiary
World Championships 2015 European Games 2015 Olympic qualifiers 2016 Presidents Cup 2016	European U21 2015* Turkish Open 2016 Dutch Open 2016	National Championships 2016 Alternative G-rank competitions 2016 [max 2 competitions)

Prospective athletes are required to compete in ≥ 2 secondary / primary competitions in 2016 (prior to the European Championships). Tertiary competitions will only be taken in to consideration when there is no obvious selection from Primary and Secondary profiles.

*European U21 is classed as a transition major

Results will be converted in to points for respective athletes specific to the competitions listed above. Final points are calculated by means of a collection of "HVIS" (IF) statements (see Appendix 1).

The final selection decision will be made at the sole discretion of the Senior National Team head coach after Dutch Open.

Section C

Mitigating Circumstances

An athlete who does not meet the selection process set out above may be considered for selection if he or she meets the defined situations outlined below.

Mitigating circumstances are situations which arise through no fault or action of the athlete, and which act to limit the athlete's ability to participate in a selection competition(s), but do not compromise the athlete's potential to perform at the highest level at the 2016 Senior European Taekwondo Championships.

Examples of mitigating circumstances include, but are not limited to:

- a. Unforeseen injury
- b. Legal commitments that cannot be rescheduled

Consideration of mitigating circumstances will be reviewed by a panel comprising the Senior National team coach, a senior Olympic Medical representative and the Chief of Sport.

The panel will take in to consideration:

- a. The athletes accumulated results and performances to date,
- b. The likely potential of the athlete at the time of the 2016 Senior European Championships, and
- c. The written explanation of the athlete's circumstances.

Appendix 1

Point calculation

Primary competitions carry full points*, secondary competitions 75% points and tertiary competitions 50% points.

G1 wins equate to 2 points, G2 wins equate to 3 points and G4 wins equate to 4 points. European U21 is classed as a transition major, therefore only 2 points are awarded for a win.

Final points are calculated by means of a collection of "HVIS" (IF) statements that adhere to the following rules,

IF ranking points of Norwegian athlete are less than the opposition, points are calculated as the sum of 10% of the ranking difference plus the associated 2, 3 or 4 points. In all other conditions the points stand as 2, 3 or 4 respectively.

Overall competition points are calculated as the sum of the above plus any associated G-status points for placing (e.g. G1, 3rd place = 3,6 points).

Example of "HVIS" (IF) application:

G1 Competition,

- a. Norwegian athlete with 16 ranking points defeats athlete who has 35 points, points awarded = $((35-16) \times 0,10) + 2 \therefore 3,9$ points (Tertiary = 1,95 points, Secondary = 2,93 points, Primary = 3,9 points).*

*In line with the WTF/Olympic ranking system there is a 25% reduction in points each year associated to Major Championships.
